Philanthropy @ Perpetual
Research Funding Opportunities in 2012

The next call for funding applications to Perpetual opens at the beginning of November 2011. You are invited to join the Institute for Health & Rehabilitation Research (IHRR) and the Research Office to learn more about Perpetual, the organisation’s philanthropic objectives and details about research and other funding opportunities.

Perpetual manages over 450 charitable trusts each with their own preferences for where funding is to be directed, such as cause, sector and region. We match trusts to non profit organisations that align with these wishes. Perpetual helps individuals, families, organisations and non-profit groups make a lasting difference in the community. Thanks to the generosity of our philanthropic clients, Perpetual is able to distribute more than $40 million each year on behalf of the charitable trusts that we manage. Non-profit organisations have the opportunity to apply for grants from those trusts through our annual funding rounds.

Applications can range from sectors including arts and culture, environment, medical, education, health and social welfare.

Presented by
Mr Chris Marshall
Senior Financial Consultant
Perpetual

When: Thursday, 10th November 2011
Where: ND46/209
