Notre Dame’s Core Curriculum is intriguing, enjoyable, builds mind and character, and opens up questions that will help make life and work more meaningful and richer in potential.

Core Curriculum

Students attend university for many reasons — to continue their studies, gain a qualification, train for a profession, learn together with others or meet different people. Some of these goals can be sought in other institutions; but universities are unique in the ways in which they bring all these goals together. This happens through a particular approach towards intellectual development — how we identify knowledge and truth, and how we let them change us.

Notre Dame’s Core Curriculum brings all of our students together under one banner. The Core places the life of the mind (often called the “intellectual life”) proudly to the fore in every one of our degree courses. The Core asks: how does developing our grasp of knowledge and truth change us, our workplaces, our families and our choices?

The Core exists in distinctive versions on our three campuses (PH100, ET100, TH101 in Fremantle; Logos Programme in Sydney; AB100, ABS12 in Broome). All versions draw on the riches of philosophical and theological thought.

Philosophy seeks to clarify the truth about the human person, God, our world, and our conduct. Philosophy uses texts and methods of inquiry and reasoning built up over centuries by some of the finest critical minds.

Theology approaches similar questions through different texts and in the light of the faith position of one particular religious tradition. At Notre Dame, the philosophy we study is Western philosophy and the theology we study is Catholic theology.

Undertaking the Core Curriculum requires no previous study, experience or religious commitment. Philosophy and Theology are academic subjects and taught in the Core at an introductory level.

The Core aims to achieve a real change in students’ understanding and choices. It aims to do so through the following:

 › Developing the capacity for critical reflection and reasoned argument.
 › Explaining intriguing theories and concepts concerning human persons, our search for meaning and truth and our attempts to base social life on reason and morality.
 › Introducing themes from the Greco-Roman philosophical tradition and the best of Christian and secular reflection on that tradition.
 › Discussing the relationship between faith and reason.
 › Exploring the key elements of ethics, such as human purpose and happiness, needs and rights, virtues and duties, justice and charity.
 › Encouraging the integration of discipline-specific knowledge with knowledge concerning the fulfilment of human individuals and communities.
 › Bringing together students from different disciplines and backgrounds to study key themes from Western philosophical and Catholic theological traditions.

Through the Core Curriculum you gain a sense of social justice. You can’t ignore it, it’s part of what you’ve learnt and how you’ve learnt your skills.

The work of Campus Ministry is at the heart of the community at Notre Dame. Guided by a rich tradition of Catholic faith and values, the efforts of Campus Ministry are centred on the person of Jesus Christ and dedicated to assisting staff and students alike to encounter Him in their everyday activities.

The Campus Ministry team works to share the joy of the Gospel and hopes to promote, encourage and engage students’ faith on Campus and to offer the chance for students and staff to flourish and seek excellence beyond measurable academic criteria.

We invite you to explore the many ways in which Campus Ministry can help you engage with the Catholic faith.

Campus Ministry supports and assists in honouring significant moments in the lives of individuals or within the community. Whether they be issues of grief and loss, like the loss of a loved one, or a breakdown in a significant relationship, or joyful occasions, such as preparing for marriage, the arrival of a child, or graduation.

Have you studied at TAFE or a Registered Training Organisation (RTO)?

Students who have successfully completed a relevant Certificate IV, Diploma or Advanced Diploma level qualification at TAFE or a RTO are considered to have met the academic minimum entry requirements for access to many courses at Notre Dame. Students who have completed Diplomas or Advanced Diplomas through TAFE or a RTO may be eligible for advanced standing.

Foundation Year

The Foundation Year (FY) is an alternative entry pathway to undergraduate studies at Notre Dame. The Foundation Year is an enabling course designed specifically for students who have not met undergraduate academic minimum entry requirements or who may have experienced educational disadvantage during their school years. See the following page for details.

Real-world learning

Notre Dame graduates have a sound grounding in the liberal arts, theory and skills for their chosen profession and are ‘work ready’ due to our extensive internship program.

Practicum and internship

Notre Dame offers more than just a textbook education. As part of your undergraduate degree, you will get real-world experience and undertake extensive industry-based practicums, internship programs and other opportunities for work integrated learning. This will allow you to apply what you’ve learnt to your profession in a hands-on way, giving you a taste of what your future career holds. These internship and practicum programs mean that you enter the job market with the experience that prospective employers want, thus maximising your employment prospects.

Professional accreditation

Early Offer Program

Since 2006, Notre Dame has acknowledged and rewarded the outstanding achievements of Year 12 students across the country by simplifying their access to courses at our University. One of the benefits to the recipients has been that it has allowed them to sit their final examinations with reduced stress and added confidence. For more information, please consult Notre Dame’s Early Offer Program brochure or visit nd.edu.au/fremantle/early-offer-program.
The Academic Enabling & Support Centre (AESC) provides alternative entry pathways and academic support programs for students who wish to further develop their academic capabilities.

Foundation Year
The Foundation Year (FY) is an enabling program designed specifically for students who have not met undergraduate minimum entry requirements or who may have experienced educational disadvantage during their school years. The AESC acknowledges that educational disadvantage may be the result of a wide range of issues including economic, cultural, social, health or emotional factors.

Through the successful completion of the FY, students may gain entry into undergraduate studies in the Schools of Arts & Sciences, Business, Education, Nursing or Philosophy & Theology. Entry is contingent upon meeting the entry requirements for individual degree courses and the availability of spaces within those courses.

Course structure
The Foundation Year is a one-year course. In Semester One students complete four units:
- Applied Learning and Critical Reading
- Conventions of English
- Writing for Academic Purposes
- Digital Literacy and Citizenship

In Semester Two, all students complete four units with at least three being standard undergraduate offerings. Some of these units may be able to be used within undergraduate programs upon successful completion of the course.

The Foundation Year provides a smooth transition to undergraduate study with a reduced workload, increased support and early access to undergraduate units. It is a unique enabling course that meets the needs of students who have faced challenges in their education.

It is also available as an intensive course in the summer term.

A number of Commonwealth Supported Places (HECS-HELP) are available to Australian citizens for these courses, and subject to the availability of places.

INDICATIVE CSP FEE 2015
The figure quoted is the 2015 Commonwealth Supported Places fee for domestic students. At the time of publication, 2016 fees were yet to be determined.

FEES HELP LOAN SCHEME
The Commonwealth Government Loans Scheme (FEE-HELP) is available for Australian citizens.

INDICATIVE MINIMUM ATAR
Although the University has established a minimum ATAR for its courses, in some cases the ability of a person to succeed in any given course may be assessed using the University’s other entry requirements.

INTERNATIONAL BACCALAUREATE / IELTS
International and interstate qualifications are assessed on a case-by-case basis. The scores listed are the indicative minimum entry requirements only. International Baccalaureate students may apply for advanced standing.

STAT
The Special Tertiary Admissions Test (STAT) may be used alone to meet minimum academic entry requirements for this course. The number indicated is the minimum score required in the overall and written English section of the test.

1. The availability of HECS-HELP in the courses indicated is subject to regular review. At present, HECS-HELP is not available to commencing students, however, this may change in the future. Students in these courses do have access to FEE-HELP.

1. An IELTS score of 7.0 across all bands is required.

Frequently asked questions (FAQ)

1. How do I know if I am a mature-age applicant?
You are a mature-age student if:

- You are 20 years of age or older on or by 1 March in the year you wish to commence study.
- OR
- You have completed any further study since high school, such as TAFE, other university study or a tertiary preparation course.

2. What does certified copy mean?
A certified copy is a photocopy of an original document that has been sighted, stamped and signed by a certifying agent. The people who can do this include Justice of the Peace, accountants, teachers, school/college principals, doctors, postmasters and pharmacists. All copies of transcripts and official documents accompanying an application must be certified. Alternatively, members of the Notre Dame Admissions Office can verify your documents for admission purposes only.

3. How long are my STAT results valid?
You can use your STAT results for university admission for up to five years.

4. How long can I use my ATAR results for?
ATAR results are valid for use for five years; however, the University cannot guarantee that an ATAR which is sufficient for a course in one year will be sufficient in subsequent years.

5. My degree was completed more than 10 years ago. What does that mean?
A previous university degree will meet the entry requirements for most courses. Degrees which have been awarded more than ten years prior to the date of enrolment will not be considered for advanced standing, but may meet academic entry requirements.

6. How can I change my preferences?
To change preferences once your application has been submitted, you are required to either complete the appropriate form in the Admissions Guide, or send confirmation in writing to the Admissions Office. Emails to admissions@nd.edu.au are accepted.

7. I have international qualifications, but am applying as a domestic student. What do I do?
Complete an undergraduate application form and include certified copies of your international qualifications. If your qualifications are in a language other than English, you must have your qualification translated and provide the Admissions Office with certified copies of the translation and qualification or award.

8. Can I defer and if so, for how long?
Yes, you can defer your place in most courses for up to 12 months. Complete the Request for Deferred Commencement form outlining the reasons for deferral.
You can also take time off during your studies (leave of absence). No more than four semesters leave of absence over the length of the course is allowed, and all degrees must be completed within certain time limits.

9. What if I am overseas or on holidays and am not available to complete the application process?
If you are away and are not able to deal personally with your application, you can authorise a person to act on your behalf. Please complete the Authorisation to Act on your behalf form at the back of this guide. This is particularly important in regard to acceptance of your offer.

10. Once I am admitted to a course at Notre Dame, can I change to another course?
In many instances, changing between courses is possible. Please complete a Change of Course form and seek approval from the Dean of the relevant School. Please note, if you wish to commence a course in Law, Nursing, Health & Physical Education or Physiotherapy, you will need to complete a new application form and personal statement and submit them to the Admissions Office.

11. Should I provide my Diploma/Degree certificate or transcripts of study only?
When applying to the University, it is essential to submit the transcript and the degree certificate. The transcript should state that the course is complete. If this is not stated, a certified copy of the award must also be included.
